## Welcome to The F1 Computer Club!

Our monthly newsletter is to both recap last month's meeting and to provide helpful tips and links!

The F1 Computer Club meets on the fourth Tuesday of every month at 7pm at the Shell Knob Senior Center. Feel free to stop in and say hi!

Training is the first Thursday of every month at the Senior Center from 10:30 - 11:30 and then from 12:30 to 1:30

Seniors can get assistance every Wednesday from 10:30 - 11:30 and then from 12:30 to 1:30.

### March's Presentation:

#### Mark Shows us programs to listen to radio/tv!

The three main programs you use are:

**WinAmp ([www.winamp.com](http://www.winamp.com))**

**Windows Media Player (already on your system)**

**RealPlayer ([www.real.com](http://www.real.com))**

**iTunes ([www.apple.com/itunes](http://www.apple.com/itunes))**

#### Pandora - Music Genome Project [www.pandora.com](http://www.pandora.com)

Pandora is a free streaming radio station based on a song or artist you like, that uses elements of a song to figure out new artists you'll like, too!

Make sure you create an account and it will store all of your stations you create. It's free and easy!

#### Extra Tip: Radio Portal Sites

There are lots of sites out there that list different radio stations for you!  
<http://live365.com>  
<http://reciva.com>

### Internet Radio/TV!

#### Winamp Installation

Make sure that you do NOT accept the options for Winamp Remote, the 30 free mp3s or any other promotional offers. Just stick with free!

#### Winamp Use:

Find the option in the top left pulldown menu for the media browser, and once you have that open look for Shoutcast Radio/TV and AOL Radio

#### Podcasts

iTunes has tons of podcasts, but you can also find more at:

<http://podcasts.yahoo.com>
